

Welcome

As a new patient we would like to welcome you to our practice! We look forward to taking care of your needs and/or questions regarding your health at your up-coming visit.

We ask that you print and fill out the patient information sheet attached to this email and bring them along to your visit. If we are filing to your insurance(s) company, it is important you call your insurance company to notify them of your office visit to avoid any concerns with coverage.

Please remember that you will be responsible at the time of your visit for any co-pay or deductible that coincides with your insurance company. **Please bring cash, check or money order if you want to avoid the \$5.00 processing fee for credit cards. It is also necessary to bring your insurance card for filing purposes and driver's license as a secondary ID. If your insurance is an HMO and needs authorization and/or referral, please contact your Primary Care Physician to start the processing of requesting the authorization on time for your appointment visit.**

If you have any questions or concerns before your scheduled appointment feel free to contact us. We take our appointments very seriously and are always thinking of how we can better serve our patients. If you had a recent ER visit related to your appointment, please bring the records and any Radiology report (not the CD) to your visit.. ***If you must reschedule your appointment, we ask that you call us 24 hours in advance..***
